## **SCHOOL BOARD REPORT**

**DECEMBER, 2011**

### **ENROLLMENT**

Forty-two students are enrolled at the SPRP. Currently, RSU 34 has four students receiving their education at the SPRP.

On December 6, there was a public hearing at the DOE on the proposed Chapter 33 rules (Seclusion and Restraint). I provided testimony. I have also followed up with written testimony. The DOE is now reviewing the submitted comments. They may make revisions. It then will be provisionally adopted and filed with the legislature. There will be another public hearing before the Education Committee in January or February. I will keep you posted on its progress.

We wish you all a happy holiday season!

Please feel free to stop in and see us anytime you are in the area!

**Respectfully submitted by,  
BARBARA GUNN  
DIRECTOR**
