

SOUTHERN PENOBSCOT REGIONAL PROGRAM

SCHOOL BOARD REPORT

SEPTEMBER, 2011

ENROLLMENT

Forty students are enrolled at the SPRP. Currently, RSU 34 has four students receiving their education at the SPRP. One student will transition back to the OTEs within the next thirty days.

This is the largest number of students we have had enrolled at the beginning of a school year. Placement meetings for six additional students have been scheduled. We have approximately eight students who will soon transition back to their home schools.

Please feel free to stop in and see us anytime you are in the area!
