Benchmarks:

1. Recognize dental health is a component of good health
2. Identify dentist and hygienists are community health helpers.
3. Demonstrate personal dental hygiene skills.
4. Choosing healthy foods promotes good dental health.
5. Set a short-term dental health goal.

PI#

A1
B1
C2, C3
F2

Students will know:

1. The proper way to brush their teeth.
2. The role of dentist and hygienist in maintaining health teeth.
3. Choosing healthy snacks prevent tooth decay.
4. Importance of daily brushing.

Learning Activities, Student Products, and Assessments (*)

1. Classroom tooth graph (on going throughout year)
2. Visit from hygienists to learn proper brushing techniques.
3. Homework: short-term goal of daily brushing (twice a day) for 2 weeks. (Returned to teacher)
4. Teacher observation of healthy snacks at snack time.
5. Happy/Sad Tooth Puppet-discriminates what snacks are good for your teeth.

Resources (People, Places, Field Trips, Curriculum Guides, Books, etc.)

Hygienist-June Toole
Crest-"First Grade Dental Health Education Program"

Students will be able to:

1. Brush their teeth properly.
2. Tell the role of the dentist & importance of dental visits.
3. Choose healthy snacks.
4. Set a goal of daily brushing.
